

A man in a blue polo shirt with dark blue accents is looking upwards in a warehouse setting. He is holding a tablet. The background shows industrial shelving units.

PORTWEST[®]

VERSATILE CORPORATE WORKWEAR

VERSATILE CORPORATE WORKWEAR

VERSATILE CORPORATE WORKWEAR

PW2™ is the latest evolution of workwear by Portwest®. This versatile collection has been specifically designed to allow for overbranding and can be easily customised.

Corporate logos can be applied to the large panels in key visibility areas, enhancing brand identity. The two-tone design comes in a variety of colourways and the slim-fitting styles can be mixed and matched to make head to toe uniforms. All products have been produced using metal-free plastic trims that are concealed to ensure garments are anti-scratch and comfortable to wear.

Kingsmill™ 65% Polyester 35% Cotton fabric guarantees high performance and maximum comfort. The yarns are all ring spun with long staple combed cotton providing a smooth handle and excellent pilling resistance. The material is fully pre-shrunk and has superior dye retention.

Texpel™ SOS, Splash, Oil and Stain is a premium fabric finish which repels oil and liquids, causing them to bead up and roll off the fabric surface. The finish also helps release stains in the washing process, keeping garments looking cleaner for longer.

Texpel™ Splash is an extremely water resistant fabric finish which ensures water beads up and rolls off the fabric surface. This premium finish also repels dirt and helps prevent stains to keep your garment looking cleaner for longer.
