

# SHIELDme™

# SHIELDme™

Our range of efficient and unique disinfecting foggers are either powered by the mains or run on a rechargeable battery.

Whether you own our 5 litre or 12 litre machine, each fogger is incredibly easy to use.

 **KILLS 99.99% OF COVID-19**  
IN 30 SECONDS

 **SAFE FOR**  
HUMANS & PETS

 **NO ALCOHOL**  
OR HARSH CHEMICALS

## HOW TO USE YOUR DISINFECTING FOGGER

**Effectively Kills 99.99%**  
IN LESS THAN 1 MINUTE

- ✓ BACTERIA    ✓ MYCOBACTERIA
- ✓ VIRUSES    ✓ FUNGUS
- ✓ SPORES    ✓ YEAST

## Charge it up

- For cordless users, make sure the machine is turned off.
- Fit the charger to the connector on the side of the device.
- The indicator is red while the battery is charging and it will turn green once fully charged.
- Charging time can range from 3-7 hours.

## Fill it up

- Unscrew the cap and pour SHIELDme solution into the tank.
- DO NOT overfill the maximum capacity of the tank.

## Plug it in

- For non-cordless users, plug into the mains.
- Press the trial button to check if it can automatically power off.
- If it does, press the reset button before starting.
- If it does not, the cable needs to be changed.

## Switch on and adjust

- Turn the machine on and adjust the particle size by rotating the spray-head.
- On some models, to turn the fogger on rotate the knob on the front of the machine. You can change the particle size by adjusting the knob on the spray-head.

## Spray!

- Your machine is ready to go!
- Before turning off, raise the spray nozzle so any remaining liquid filters back to the tank.
- Switch off the nozzle.
- Power off.

## Keep it clean

- After use, pour in some clean water and turn on to spray. This is to stop the spray nozzle getting blocked or damaged.
- Store the fogger in a cool, dry place.

## Warnings

- Keep the machine away from water.
- Turn the fogger off immediately if the tank starts to leak, the pump stops working or the pump makes an odd sound.
- Recharge the battery-powered machines every month if the fogger is not used for a long time.
- Only use SHIELDme solution.
- Do not pull on the extension lead as that can damage the fogger. The cable provided is long enough for use. If more convenient, consider our cordless options.

## Warranty

- All of our machines come with a 1-year warranty.
- Warranty is only valid if SHIELDme is used in the fogger.
