

Product Safety Data Sheet

Company: Ogmi Ltd

Address: 679-691 High Road, Leyton,
London E10 6RA, United Kingdom

Phone: +44 7765091918

Email: info@sanitirex.co.uk

Website: www.sanitirex.co.uk

1. Information:

1.1 Identification of the substance / preparation and the company:

Product identifier Trade name :

Product Name: Sanitirex Hand Gel

Product code: 5060771790000

Relevant identified uses of the substance or mixture and uses advised against

Use of the Substance/Mixture : Biocidal product

1.2 Details of the supplier of the safety data sheet:

Company :

Ogmi Ltd,
679-691 High Road, Leyton,
London, E10 6RA, United Kingdom

Telephone :

+44 7765091918

E-mail address Responsible/issuing person :

info@sanitirex.co.uk

1.3 Emergency telephone number :

National Poisons Information Service (UK) - 0344 8920111 (Health Professionals only)

National Poisons Information Centre (Eire) - 01-8092566/8379964

Date of first issue: 18-03-2020 **Date of revision:** 18-03-2020

Ogmi Ltd.

Address : 679-691 High Road, Leyton, London, E10 6RA, United Kingdom **Phone:** +447765091918 **Email:**
info@sanitirex.co.uk **Website:** www.sanitirex.co.uk

2. Composition / Information of ingredients:

Cosmetics are specifically exempt from the requirement to have a MSDS and alternative labelling and warnings of cosmetic products is permitted in accordance with the safety assessment of the final product and EU Cosmetics Directive. The product classified under this SDS is a cosmetic preparation. The Safety Assessment of this cosmetic formulation and the ingredients in it confirms that the product conforms to Statutory Instruments 2008 No. 1284, The Cosmetics Products (Safety) Regulations 2008 and subsequent amendments and is therefore suitable and safe for its intended end use. The consumer can expect the normal level of safety for this product type when used as instructed.

Hazardous Ingredients:

Isopropyl Alcohol 60%

3. Hazards identification:

Classification (EC 1272/2008)

Physical hazards:

Flam. Liq. and Vap. – H225

Health hazards:

Causes eye irritation - H320

May be harmful if inhaled – H333

May be harmful if swallowed – H303

Environmental hazards:

Not Classified

Label elements Hazard pictograms:

Signal word:

Danger

Hazard statements

Highly flammable liquid and vapour.

Causes serious eye irritation.

Keep away from children

For External use only.

Ogmi Ltd.

Address : 679-691 High Road, Leyton, London, E10 6RA, United Kingdom **Phone:** +447765091918 **Email:** info@sanitirex.co.uk **Website:** www.sanitirex.co.uk

Precautionary statements

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/ attention.

Do not Keep in direct sunlight

Store in a closed container.

Dispose of contents/ container in accordance with local regulations.

Not Recommended for asthmatic people.

4. First Aid Measures

Eye Contact:

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/ attention.

Indigestion:

Rinse mouth out with water and Drink plenty of water. Keep patient at rest , do not induce vomiting. Seek immediate medical attention.

5. Firefighting Measures

Extinguishing media Suitable extinguishing media: Alcohol-resistant foam Dry Chemical Carbon dioxide (CO₂)

Unsuitable extinguishing media: Water spray jet - Special hazards arising from the substance or mixture

Specific hazards during firefighting: Highly flammable liquid and vapour.

Hazardous combustion products: Carbon monoxide, carbon dioxide and unburned hydrocarbons (smoke).

Advice for firefighters Special protective equipment: In the event of fire, wear self-contained breathing apparatus.

Ogmi Ltd.

Address : 679-691 High Road, Leyton, London, E10 6RA, United Kingdom **Phone:** +447765091918 **Email:** info@sanitirex.co.uk **Website:** www.sanitirex.co.uk

Specific extinguishing methods: Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Further information: Standard procedure for chemical fires.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

Personal precautions:

Ensure adequate ventilation. Remove all sources of ignition.

Environmental precautions:

Do not allow uncontrolled discharge of product into the environment.

Methods and material for containment and cleaning up Methods for cleaning up:

Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder).
Gather into suitable container for disposal.

7. Handling and storage

Precautions for safe handling:

For industrial use of the liquid, avoid contact with skin and eyes.

Good general ventilation is recommended.

Conditions for safe storage, including any incompatibilities:

Store in a cool, dry, well-ventilated place, away from direct sunlight. Keep container closed when not in use.

8. Exposure controls / Personal Protection

Personal protective equipment

Eye protection: Wear face-shield and protective suit for abnormal processing problems.

Hand protection Remarks: Gloves recommended.

Skin and body protection: No special protective equipment required.

Respiratory protection: Respirator protection recommended

Protective measures: Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place.

9. Physical and chemical properties

Appearance: Gel

Colour: Clear Blue

Odour: Citrus/Fresh/Sweet with strong Alcohol Scent

pH Value: 7

Melting Point: <-10 C

Boiling Point: 82 C

Flash Point: 11.7 C

Autoflamability: 399 C

Upper explosion limit: No data available

Lower explosion limit: No data available

Solubility(ies): Water solubility – soluble

Explosive properties: Not explosive

10. Stability and reactivity

Reactivity: Not available

Chemical stability: Stable under recommended storage and handling conditions

Possibility of hazardous reactions: Not available

Conditions to avoid: Heat and ignition sources

Incompatible materials: Oxidising agents, acids and bases

Hazardous decomposition products: None known

11. Toxicological information

Acute toxicity Contains high concentrations of alcohol, ingestion or inhalation may cause signs of intoxication. If ingested, seek medical attention.

Irritancy Mild irritant to eyes. Repeated or prolonged skin contact may cause irritation. Corrosivity No information available

Sensitisation No ingredient has been identified as having sensitising properties. Repeated dose toxicity No information available

Carcinogenicity No information available

Mutagenicity No information available

Toxicity for reproduction No information available

12. Ecological information

There is no data on the product itself but none of its ingredients are known to bio- accumulate.

13. Disposal Considerations

Do not allow into drains or water courses or dispose of where ground or surface waters may be affected. Wastes, including emptied containers, are controlled wastes and should be disposed of in accordance with National regulations (UK - Control of Pollution Act).

Using the information provided in this data sheet, advice should be obtained from the Waste Regulation Authority whether the special waste regulations apply.

14. Transport Information

UN Number: 1993

UN Proper Shipping Name: FLAMMABLE LIQUID, N.O.S. (contains 2-propanol)

Transport hazard class(es): 3

Packing groups: II

Environmental hazards: None

Special precautions for user: None

15. Regulatory information

The product has been Label for supply: R11 - Highly flammable R36 - Irritating to eyes

Risk phrases: Safety phrases: S2 - Keep away from children S16 - Keep away from sources of ignition, no smoking

Regulatory references: S7/9 - Keep containers tightly closed and in a well-ventilated area. assessed according to the EC Cosmetic Regulation No 1223/2009.

16. Other information

The information supplied in this Safety Data Sheet is designed only as guidance for the safe use, storage and handling of the product. This information is correct to the best of our knowledge and belief at the date of publication however no guarantee is made to its accuracy. This information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any other process.
