HANDS-FREE HYGIENIC DOOR OPENER FOR USE WITH THE FOREARM

- Ergonomic door handle attachment
- Perfect support for hands-free opening and closing of doors
- Simple and quick installation on existing door handles
- Fits all common door handles
- Firm and secure hold through dual fixing points
- Made from flame-retardant plastic (fire protection class B1 according to DIN 4102-1)
- Quick and easy cleaning
- Insensitive to detergents and disinfectants
- Significant reduction of infection risk
- Inexpensive alternative to fully automatic doors
- Ideal for all public buildings like offices, institutions, schools, hospitals, gyms, restaurants, etc.

Dual point fixation for
firm and secure hold
